BEST WORKS

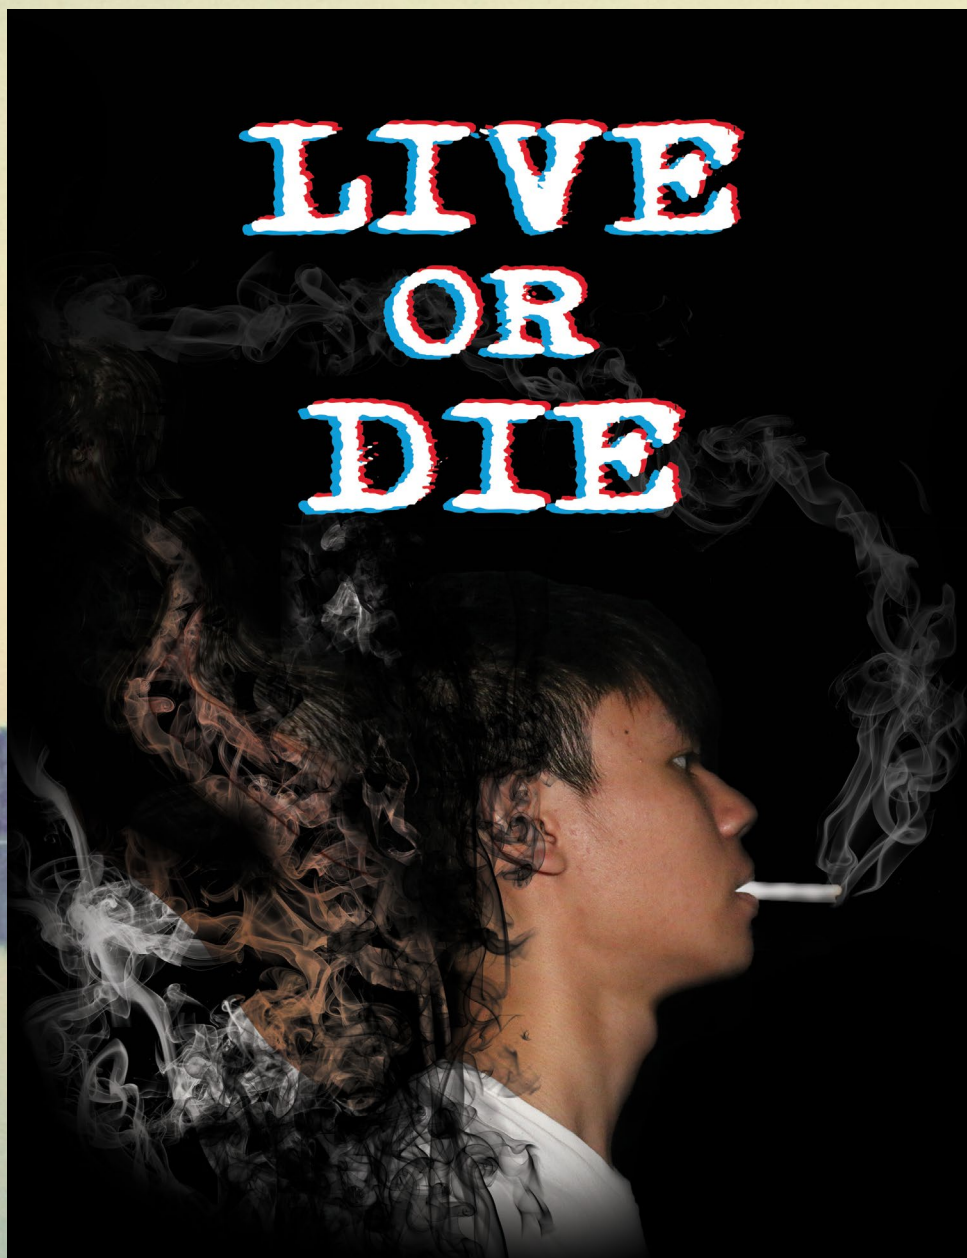

It was a HARTDS2 project. This is a re-enact from one of the scenes of Les Misérables. I portray Enjolras from the movie. I used Adobe Photoshop to make exactly what we want to be look like.

This photo, I made this one for my iPad's lock screen wallpaper. Still, I used Adobe Photoshop to achieve the look of my wallpaper.

This poster, I am inspired to do dispersion. It is my dream to do or to make a dispersion effect but, I can't make one before because I have no time because of my studies. I used smoke dispersion in Adobe Photoshop.
